MUDE - Design and Fashion Museum - Lisbon

Lisboa is fast becoming one of the must visit capitals of the cultural tourism destinations, now with the opening of MUDE - Fashion and Design Museum, in the capital's historic centre.

In addition to representing an important contribution to the Portuguese capital's cultural and arts offer, MUDE, located on the Rua Augusta walking street, forms part of the Baixa downtown renovation project, housed within a magnificent building that was once a bank's head office. The building is a work in progress concept, and will be totally renovated in order to house within its four levels, the Museums collection and services, bookshop and coffee shop, as well as rehearsal and conference halls. The project also envisions areas for educational purposes, an auditorium, exhibit halls, with its inauguration scheduled for 2010.

It is regarded as one of the best collections of its kind in the world. The inaugural exhibit, entitled "Preview" consists of 170 works from Corbusier to Azzedine Alaïa, that allow us to "visit" stories and events from the 20th and 21st centuries.

The link between the worlds of design and fashion, the high quality of the collection, and the museum's personal concept, make MUDE a unique cultural venue on the international scene, and turning Lisboa into one of the new "design capitals". --
